

INTERCOLOR INDUSTRIES LIMITED
DATA SHEET

ROAD MARKING PAINT

A high gloss thermoplastic-based road marking paint, having very good weather resistance, abrasive resistance and good resistance to other environmental effects.

RECOMMENDED USE

Use for asphalt road, concrete road and curbstone.

APPLICATION

May be applied by brush or road marking machine. Stir well before use and keep containers tightly closed.

SURFACE PREPARATION

Surface should be dry and free from dust, dirt, grease and any other contaminants.

COLORS

White, Yellow and Black.

THINNING

With suitable acrylic thinner.

REFLECTION

For reflective properties sprinkle glass beads over the wet paint.
